Subject: Provisional qualification covered by the certificate PQ585

Dear Sir, Madam,

Deutsch India Power Connectors submitted a request to qualify products against the standards EN3660-003, EN3660-004 and EN3660-005.

After review of the data provided to support this qualification and considering the current COVID-19 pandemic and the related travel restrictions, the ASD-CERT Electrical & Optical Technical Committee decided in April 2021 to grant a provisional qualification of these products to Deutsch India Power Connectors. A physical audit shall be performed at the Bangalore production site, when travel restrictions are lifted, to confirm this qualification.

In the meantime, ASD-CERT gives the authorisation to Deutsch India Power Connectors to manufacture and distribute the products covered by the certificate PQ585 here attached. The products detailed in the certificate PQ585 are considered as qualified from April 2021 to April 2024, unless any non-conformity is identified during the aforementioned physical audit.

Best regards,

Christelle FESTAUD
ASD-CERT Secretary General
